

Join Us!

Sunday, September 27th

12-4p

141 N. Glendale Ave

The event is free, parking available in
City Lot - Wilson Ave.

Artists: Meet the artists behind
Water Finds A Way.

Conservation: Learn about water
conservation, management and
how we can positively impact the
environment in our daily lives
from Glendale Water & Power
and Hey! Tanks LA.

Grow: Find out about drought
tolerant and native plants from
the Theodore Payne Foundation.

Succulent Swap: Hosted by
Potted. Bring a cutting of a
succulent from your garden &
swap it for one you don't have.

Sips and Bites: Enjoy equatorial
bites and infused water by Chef
Phoung Tran of Croft Alley.

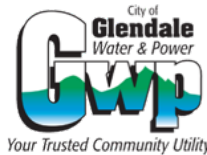

Music: Experience the sounds
of Robert Hilton playing unique
instruments he creates from
natural elements and recycled
materials.

WATER FINDS A WAY

Community Labyrinth

Water Finds A Way is an artist collaboration between AFTA Productions and artists Christian Ghantous & William Stranger. This temporary installation celebrates the intersection of art, water, community and how we honor the relationship with one of our most precious resources. The labyrinth is created using organic and reclaimed materials incorporating solar elements all of which are directly or symbolically related to water.
